WOMAN CHARGED WITH MURDER

Mrs. Victor Hall Arrested on Suspicion of Killing Her Husband.

IS RELEASED ON BAIL.

She Was Taken in Custody After a Second Attempt Had Been Made to Burn Her Store and Dwelling.

(Special Dispatch to the Gazette.)

Richmond, Va., May 15)—The grand jury at Louisa courthouse this mornng returned an indictment against Mrs. Victor Hall charging her with the murder of her husband on April 15 at Green Spirngs.

Mrs. Hall was granted bail in the sum of five thousand dollars with the understanding that if bail was furnished she should leave the county immediately and should come to Richmond to remain until the date set for her trial, which was fixed for the second day of the July term of court. It is likely that other indictments charging arson will also be returned against Mrs. Hall.

It is gossipped around Louisa Courthouse that insanity will be the plea of the defense, but this was vigorously denied by Attorney Gordon, representing the widow of the murdered merchant.

Richmond, May 15.—Mrs. Hall furnished the bail bond with the names of Magistrate James Hester, N. W. Hall and Mrs. Nicholas Hall, Mrs. Victor Hall, W. J. Roberts, Lindsey Gordon, her attorney, and Dr. W. O. Smith, signed to it. The case will be called for trial July 14. It is understood Gordon will ask for a change of venue. Mrs. Hall will come to Richmond tomorrow to await the date of the trial.

Louisa, Va., May 15.—Mrs. Victor Hall, forty-four years old, was arrested at her home at Green Springs at 8:30 o'clock last night on the charge of shooting her husband to death on the morning of April 15. Suddenly, after 5 o'clock yesterday afternoon, the grand jury agreed upon an indictment of Mrs. Hall. The papers were not to have been signed until this morning, and ample preparations had been made to take the woman into custody. An hour after the grand jury adjourned, Judge Shackelford was informed by Joseph Mallory, a detective employed by the Chesapeake and Ohio Railway Company, that a second attempt had been made to burn down th Hall home and store, and he said that all evidence tended to show that Mrs. Hall had been the torch-bearer.

Judge Shackelford immediately issued a bench warrant for Mrs. Hall's arrest. Sheriff Wash and Deputy Sheriff Grice were rushed to the scene in automobiles.

As soon as she had provided herself with a change of clothes, Mrs. Hall was rushed back to the court house in the automobile of Dr. Harry W. Porter. Sheriff Wash sat on one side of her and her brother sat on the other. Dr. Porter, feared a collapse of the prisoner during the trip, which was made at full speed. Beside Dr. Porter sat Commonwealth's Attorney Bibb.

The accused woman was taken immediately before Judge Shackelford, who was sitting in the office of the clerk of the court. The courthouse lawn was filled with a large and curious throng, and as soon as the prisoner, followed by the officers and newspaper men, was admitted, the courthouse doors were locked. Mrs. Hall was perfectly calm, and asked that her counsel, R. Lindsay Gordon, be summoned. Mr. Gordon arrived in a few minutes, and at once moved the court to bail the prisoner. Judge Shackelford refused.

Mr. Gordon then asked that his client be taken to the Louisa Hotel, a local hostelry, in the custody of her brother and Sheriff Wash. Commonwealth's Attorney Bibb offered no objection, and the court consented. Judge Shackelford said afterwards that the jail was in bad condition, and he could not find it in his heart to confine Mrs. Hall there for the night. In the event she is held later, other arrangements will be made for her imprisonment.

In the custody of her brother, Herbert Dowdy, and Sheriff Wash, she was taken to the hotel, where, as the hotel was already crowded, special arrangements had to be made for her.

It was at 5:15 o'clock yesterday afternoon that Mrs. Hall, accompanied by her two daughters, her mother-in-law, and a small negro servant, left her store for the home of her father-in-law, but a short way across the fields. George Trafnham and others, deputized to watch the place, saw the party move away, and noticed them carrying a bundle. Ten minutes after the moving party had passed over the brow of the hill one of the watching party noticed smoke issuing from the same pantry in which the former incendiary attempt had been made. All the men rushed to the house, and found that every window and door in the house was locked from the inside. Going to the rear they noticed flames and smoke issuing from the pantry window. John Johnson broke the window with a stone, and others smashed into the pantry through the doors. The scent of rags smoldering in kerosene greeted them, and they forced their way to where the flames were rising against the wall. The men formed a bucket chain from the front yard of the house to the pantry, and after a few minutes, of hard work, the blaze was extinguished. The flames had spread to the walls, and the building would have been destroyed but for the prompt action of those who had been expecting just such another blaze.

After the fire was extinguished examination was made, and it was found that a corner had been filled with rags and women's clothes. All the surrounding circumstances showed that the fire could not have been started from the outside. Both windows to the pantry were barred from the inside. There was not a rag, not a scrap of excelsior on the outside, and no trace of murdering marauder outside the window. But on the inside the detectives, including Pinkerton men, representing the State bureau of Insurance, and county officers found such evidence as led them to believe that the hand that lit the torch had moved within the pantry.

In the clothes burned and charred in the corner was found a woman's shirtwaist. It was covered with a dark stain, such a stain as blood might leave. In the top of the neckpiece was fastened a safety pin, unclutched. The shirtwaist seemed to have been lately used, in that it was not soiled except for the stain, and because it still contained the safety pin. While detectives were examining the garment Mrs. Hall looked through the window and said "Those are the clothes of my little servant." The officers were startled. They did not know that she was near until she spoke.

STEALS MARCH ON RIVAL.

Elopes With Young Woman to Beat Ardent Lover.

Winchester, Va., May 15.—Stealing a march on his rival, who seemed to be winning his way into the favor of the old folks, Roy B. Fahrney, of Timberville, Va., eloped to Frederick Wednesday with Miss Fleta M. Shutters, of Forestville, Va., and the two were married at the parsonage of the Evangelical Reformed church by Rev. Henri L. G. Keiffer.

The young couple left home Sunday, taking an automobile and catching a Baltimore and Ohio train to Harper's Ferry and then to Brunswick. The reason for the elopement, is it is understood the groom saw that things were not breaking in his favor. He said that he had been going to see the girl two years. Another young man appeared on the scene to the discomfiture of No. 1 especially when the latter saw that the rival was making much good headway with the homefolks.

He couldn't stand it to see another walk away with his prize. The best thing he decided was to call a halt. After a conference with the young girl they decided to run away and be married. It is fully expected that the happy couple will return home to receive the parental forgiveness and blessings.

FIVE COUNCILMEN FAIL TO COME BACK

Certain Members of Lower Board Will Not Succeed Themselves.

LARGE VOTE POLLED.

Result of Election, When Announced Last Night, Was a Surprise to Optimistic Candidates.

While the election yesterday was quiet, considerable determination was manifested by the candidates for Council and their friends, and a large vote was polled. The result when announced last night was a surprise to many, when it was seen that certain candidates who it was thought were lagging had lead their ticket. In some instances the surmises of a few observations were verified by the count, but in other cases the figures were startling where other results had been anticipated.

Five of the present members of the Common Council, Messrs. Lambert, Williams, Sullivan, Chauncey and Low, were given notice by suffragans that their services are no longer needed in the halls of legislation as their successors had been chosen.

A reorganization of the lower board of council when the new members take their seats will be in order. Alderman Jacob Brill was an easy winner for reelection in the First Ward. George H. Robertson ran far ahead of his competitor for the upper board in the Second Ward and the candidates in the Third and Fourth Wards were without opposition. The vote by wards follows:

First——Alderman, Jacob Brill, 152; William Campbell, 58; A. Sidney Mankin, 57; common council, John Leadbeater, 143. F. F. Marbury, 137; Oscar W. Phillips, 119; U. S. Lambert, 112.

Second—Alderman, Geo. H. Robinson, 226; R. E. Knight, 78; common council, C. W. Wattles, 191; William Desmond, 163; J. Y. Williams, 154.

Third—Alderman, Maurice Wilkins, (no opposition,) 248; common council, A. D. Brockett, 184; James W. Bales, 118; T. N. Dunbar, 101; Charles J. Sullivan, 88.

Fourth—Alderman, C.J.W. Summers (no opposition), 310; common council, Charles Bendheim, 216; Nicholas J. Lawler, 213; Thomas Chauncey, 94; L. Moxley Low, 60. Julian T. Burke, Jr., 46.

The retiring members of common council are Messrs. Lambert, Williams, Sullivan, Chauncey and Low. Mr. Marbury is now the president of the board of aldermen and was elected to that body from the Second ward. He recently moved into the First Ward and became a candidate for the common council. Messrs. Knight and Lawler are members of the board of police commissioners, and Messrs. Robinson and Wilkins have just entered the political field.

The total vote cast was 1,190.

DECORATE GRAVES.

Ceremony Started Eight Years Ago is Conducted Today.

"As long as I am Chief of the Washington Fire Department I shall see that the grave of every fireman in the District is kept green."

Eight years ago the late Chief Engineer W. T. Belt concluded with these words an order establishing May 15th as the firemen's memorial day. Today Chief Engineer Frank J. Wagner laid on the grave of Chief Belt, in Glenwood Cemetery, a floral wreath in tribute to his memory. On the grave of the late Chief Martin Cronin, in Mount Olivet cemetery, he placed a similar wreath.

Three supply wagons, laden with ninety-six wreaths, left the District building at 10:00 a. m., for the various cemeteries.

The grave of J. J. Wiles, in the Alexandria cemetery, was decorated by his mother, Mrs. M. T. Wiles.

SOUTHERN BAPTISTS.

Many in Attendance on Convention in Nashville.

Nashville, Tenn., May 15.—Foreign missions had right of way in the Southern Baptist Convention here yesterday. A report on the Judson centennal fund, was read by Dr. Porter, of Dallas.

The convention started, two years ago, a three-year campaign for raising in addition to regular contributions, $1,250,000 for permanent equipment on the foreign field. Of this amount, $602,974 has been secured in cash and pledges.

This special fund has not crippled regular collections, however. The foregn mission board received $44,000 more for the regular work than in the previous year.

Dr. T. B. Ray, of Richmond, stirred the convention by his appeal for the churches to give the Judson centennial representatives a hearing.

Rev. J. T. Lacy, of the Baptist seminary, at Torreon, Mex., was presented and spoke on the Mexican revolution. He pronounced it an evolutionary revolution. He left Torreon a short time before it was captured by General Villa. He pronounced Villa a general of great strategical qualities.

Dr. Burrowes, president of the convention, was decorated with mandarin beads by Missionary John Loke, who is just from a conference with Yuan Shi Kai, the president of China.

Dr. F. J. Searcy, a colored minister from Memphis, spoke in behalf of a theological seminary for colored Baptists. White Baptists will give $50,000 to start the work.

The woman's Missionary Union has a large attendance, seventeen states being represnted.

Dr. Barton, of Texas, read a report on temperance. The report was received with remarkable enthusiasm. The convention memorailzed Congress on behalf of the 2,500,000 of white Baptists in the South to pass the amendment to the Federal Constitution, prohibiting the manufacture and sale of intoxicants as a beverage.

The convention voted heartily to employ a man to give his time to the work of the leading Southern Baptists in the fight against the legalized liquor traffic.

BOY LOSES A LEG.

Child Saves Life by Leaning Away From Tracks as Engine Crunches Over Limb.

Philadelphia, May 15.—By leaning as far as tortured muscles would permit while he watched a switch engine bearing down upon him, 6-year-old William Brand, of No. 2611 S. Franklin street, sacrificed his leg to save his life last night. With other boys he was playing on the Baltimore & Ohio Railroad tracks near Seventh street and Oregon avenue. Pursued by a companion, he ran along the ties toward a switch.

In the darkness the boy stumbled and caught his foot in the frog, where it was held fast. He heard the clang of an engine bell behind him and turned to see the switching locomotive speeding toward the yards with a string of empty cars. He shouted in vain to attract the attention of the crew, but the engineer either did not see him or thought he was pretending. Then the lad, with a scream of terror, pulled as far over from the frog as his plight would permit and lay flat outside the rails, but with his one leg across the path of the wheels. He is in the Methodist Hospital suffering severely from the shock of his experiences, but probably will recover.

Smokeless Coal in Demand.

Charleston, W. Va., May 15.—The occupation of Vera Cruz by the American troops, together with the necessities of the Italian navy, have caused some activity in the market of West Virginia's smokeless coal. Government officials served notice on the operators of the New River Winding Gulf and Pocahontas regions that more coal was needed, and the mines started running on full time.

Smokeless operators believes that they will get a large part of the Italian business. Already big orders have been received.

CITY OF MEXICO IS THREATENED

Villa's Triumphant Entry into Capital Believed to be Inevitable.

REVOLT CAUSES FEAR.

Huerta's Soldiers Offer Resistance When Ordered to Proceed North and Check Constitutionalists.

Vera Cruz, May 15.—General Emilio Zapata, the rebel bandit is within ten miles of Mexico Cty, wth 5,000 men. News has reached Vera Cruz that the capital was astounded last night to learn that Zapata was at the town of Topilejo with his rebel forces and that the loyal roops in the city had been sent forth to meet him.

The first troops to be sent from the capital were the men of the Twenty-ninth batallion. They hurried out yesterday afternoon and wild rumors were in circulation in the capital. It was said fighting against the advancing rebels begun late yesterday.

Mexicans are fleeing from the capital in great numbers.

Reports of Zapata's plans for looting and sacking the city have spread and fear of his unorganized band increases hourly.

A courier from the French legation is prepared to meet Zapata with a large sum of money which will be given the rebel leader in return for assurance that places over which the French flag flies will not be molested.

If Zapata contemplates an immediate attack on Mexico City it would appear that he has broken the bargain which he made with General Villa to hold back until the latter takes Saltillo.

The Mexican gunboats Zaragosa and Bravo, which defended Tampico for four months, and steamed down the river only when their ammunition was exhausted, are crossing the Gulf today toward Puerto Mexico.

It is generally believed in Vera Cruz that the remnants of the army of Gen. Zaragosa, which evacuated Tampico can be saved from annihilation only through a miracle. The retreating federals have been practically surrounded between Tampico and San Louis Potosi. The rebels have sworn to execute all officers they may capture, and the defeated army, worn out from days of fighting, and practically without ammunition, is struggling on foot through tropical swamps in an effort to escape.

Vera Cruz, May 15.—Mutiny in the ranks of Huerta's army at the capital has broken out.

Troops quartered at the Piedad barracks, three miles form the center of the Mexican capital, revolted last night and pledged alliance to Villa against Huerta.

Officers of the barracks who refused to point the mutiny were shot down.

Word of this development in the ranks of the federals reached General Pena who is now in command at Pasa del Macho, where he supersedes General Maas. In turn the information reached Vera Cruz.

Washington, May 15. — Genuine alarm over the fate of John R. Silliman, American vice consul at Saltillo, pervades official Washington. Not a word has been received to indicate that the missing consul has been returned to Mexico City, despite promises made by Dictator Huerta through the Brazilian minister.

There is now a feeling that he may have been killed in the fight of the admission made by Dr. Edward Ryan, on his arrival at New Orleans, that he, although the official representative of the State Department, was seriously maltreated after his arrest.

NO DECREASE IN USE OF LIQUOR

Royal E. Cabell Says Prohibition Has In Some Cases Increased Consumption.

Richmond, Va., May 15.—Royal E. Cabell, formerly U.Scommissioner internal revenue, in an address last night before the Virginia Association for Local Self-Government, said that from official, State and Federal government records it has been demonstrated that the enactment of state-wide prohibitory laws not only do not prohibit consumption of strong drink in the area covered by such laws, but give no indication of decreasing the consumption, in fact, in many sections an actual increase is indicated.

Mr. Cabell is a well-known lawyer of Richmond. He was formerly postmaster at Richmond, and served for four years as commisioner of internal revenue, a government position second only in importance to the cabinet, and in which he had immediate charge of the collection of the revenue of the United States government from liquor, tobacco and other sources, other than imports.

BANKERS TO MEET.

Richmond, Va., May 15.—Between 200 and 300 delegates, representing the members of banks of the Fifth Federal Reserve District, are expected to gather at the Hotel Jefferson on next Monday to discuss the incorporation of the reserve bank in this city, and in particular to crystalize the sentiment of the several states and bank groups represented as to the personnel of the board of directors that will be elected to govern the Fifth District Reserve Bank.

TOKEN OF APPRECIATION.

Fire Department Receives One Hundred Dollars for Their Heroic Work on Tuesday.

The Old Dominion Glass Works, of this city, the management of which owns the Belle Pre plant, at which a dangerous fire raged between 12 and 1 o'clock last Tuesday, have sent a check for one hundred dollars to the fire department for the prompt response made when the alarm was sounded and for the heroic and successful work of the firemen in preventing the spread of the flames while a brisk wind was blowing.

The Old Dominion Company realizes that had the fire not been confined the total destruction of the Belle Pre Works would have followed.

This is not the first time the Alexandria Fire Department has acquitted themselves while furious conflagrations have raged, nor is it the first time their efforts have been appreciated by the bestowal of substantial estimonials.

ADD $526.50 TO HOSPITAL FUND

Election Day Did Not Interfere With the Work of The Committee.

$1,500 DAILY AVERAGE.

About $ 1.95 Per Capita For Every Man, Woman and Child in the City of Alexandria.

Notwithstanding the election, the subscriptions as shown below increased yesterday $526.50, which makes a total to date of $28,706.95 leaving a balance of less than $1,300 to complete the $30,000 needed by Saturday night. The committee earnestly desires that all who can possibly send in their subscriptions before tomorrow night will do so.

It is a remarkable thing to note that the average subscription per day to the present time, has exceeded $1,500, and is nearly an average of $1.95 per capita for each man, woman and child in the city of Alexandria, and this from less than 400 of our people.

Among the subscriptions turned in through Mrs. Reid was $41.50, the proceeds of the Musicale Tea given by the 17th Virginia Regiment Chapter U. D. C., Mrs. Ogden chairman, on May 4th.

Next week an active canvass will be made by the committee to raise the additional $20,000, but they earnestly hope that the $30,000 will be raised by the end of the fourth week, which is Saturday night.

GASOLINE BADLY BURNS BOY.

Caught by the Flames When Man Tosses Match Into Can.

Wilmington, Del., May 15.—William David, aged 15, of No. 907 Tatnall street, is in the Delaware Hospital, suffering from burns on the arms, body and face, received when burning gasoline splashed on him at Fourteenth and Market streets yesterday afternoon. The driver of an oil wagon was filling a can with gasoline when a man standing near threw a match into the can. The gasoline flamed up, but the driver kicked it over, and the burning fluid flowed into the street. David was standing near, and some of it splashed on his clothes and ignited them. Bystanders tore off the burning garments, but not before he had been seriously burned.

Process by Which Photographs Are Reproduced by Long Distance.

The photographs are made by a sort of telautographic process. The portrait to be sent is mounted on a revolving cyclinder like a phonograph cylinder and a conducting stylus traces a spiral over it in such a manner that the current transmitted from the stylus to the telegraph line varies from moment to moment with the phoographic layer thickness. At the receiving end an electrical instrument is used to control an intense beam of light incident on the photographically sensitive surface of a similar cylinder revolving in exactly the same time.

The electrical instrument carries a minute apoque shutter so that the intensity of the photographing light beam varies from moment to moment with the strength of the current received over the telegraph line. The process is applied rapidly and with strikingly satisfactory results.—Electrical World.

VISIT TO MOUNT VERNON

Irish-Americans Make Pilgrimage to Tomb of Father of Country

With a pilgrimage to Mt. Vernon this afternoon, the thousands of Irish-Americans in Washington to attend the unveiling of the Commodore John Barry statue began the activities planned in connection with the unveiling.

It is estimated that already more than 8,000 of the visitors have arrived in Washington to witness the unveiling of the statue of Commodore Barry in Franklin Park tomorrow afternoon.

Headed by committee of the leading American societies of the country, one contingent of the visitors started for Mt. Vernon aboard the steamer Charles Macalester and the rest of the multitude made the journey by special cars of the electric railway.

Former Judge William H. DeLacy, delivered the introductory address at Washington's tomb.

Gen. P. W. Melgrim, of Savannah, a civil war veteran, delivered the oration of the occasion

He consecrated to the memory of the Father of His Country a large wreath.

Following the oration and the consecration of the wreath, Miss Elsie Hepburn, a great grandniece, of Commodore John Barry, placed the wreath on the tomb. By special arrangement with the management of the Mount Vernon grounds, Miss Hepburn was permitted to enter the sacred confines of the tomb itself.

Vernon yesterday for the first sessions of the annual council of the association, with representatives present from 22 States. Morning, afternoon, and evening sessions will be held until the routine business of the association has been transacted, probably into next week

Following the adjournment of the morning session, the ladies placed within the tomb of Washington a wreath made of flowers from the Mt. Vernon garden.

Present were Miss Comegys, of Deleware; regent of the association, and representatives from Maine, Vermont, Rhode Island, New York, Pennsylvania, Maryland, the District of Columbia, Virginia, North Carolina, South Carolina, Georgia, Alabama, Louisiana, Texas, Missouri, Kentucky, Iowa, Ohio, Michigan, Nebraska, and Washington.

MARRIED IN THIS CITY.

Young Man and Woman of Baltimore, Are United in Matrimony by Rev. Dr. Duffey.

Eloping from Baltimore May 6, Miss Ruth V. Van Daniker, daughter of Mr. and Mrs. Owen W. Van Daniker, of that city, was married to Albert H. Miller, Jr., of Govans, in Alexandria. The ceremony was performed by the Rev. J. W. Duffy, pastor of the Methodist Episcopal Church South. The bride is 22 years old, and her husband is one year her senior. Mrs. Miller kept her marriage a secret one week, then she told members of her family when her husband called at her home Wednesday night. There was no objection on the part of the bride's parents to the match.

DEATH OF MRS. EWING

Former Resident of Alexandria Dies Last Night at Her Home in Washington D. C.

Mrs. Frances Barbour Ewing died at her residence, 1618 Seventeenth street, Washington, yesterday morning at 6 o'clock, aged about 75 years. Although she had been an invalid several years, her critical illness lasted for a week only.

Mrs. Ewing was the widow of Daniel B. Ewing, D. D., and the granddaughter of the late Phillip Pendleton Barbour, Speaker of the Seventeenth Congress and associate justice of the Supreme Court. She was herself a woman of the finest mental gifts, and in her youth of great personal beauty and charm. She is survived by one sister, Miss Jennie Barbour, of Virginia, and by six children, Mr. William Nicholas Ewing, of Fort Worth, Texas; Mrs. George Sparrow, of Gastonia, N. C.; Mrs. David Funsten Ward, Mrs. Edmund Eymonds, Miss Lucy Barbour Ewnig, and Miss Jeannie Pendelton Ewing.

Interment will be in Old Blandford cemetery, Petersburg, Va.

OLD MAID'S CONVENTION.

Performance for Hospital Fund to be Repeated Tonight.

"The Old Maid's Convention," the screamingly funny production put on last night at Westminster Hall, will be again produced, tonight. The play is presented by the Bachelors' Union of Troop No. 2, Boy Scouts, assisted by the Alexandria High School players. If only for that, a crowd should come to get a look at the old maids and their attire, which, it is guaranteed, is well worth the price of admission. Every old maid last night played her part remarkably well, even if she was really a member of the opposite sex, and this together with the great number of local hits introduced during the evening served to keep the audience in an uproar.

There are some fifteen old maids in the play, and you just can't miss the opportunity of seeing them. Some are sentimental, others romantic, others stiff and prim, still others very "flirty," and last but not least, some are suffragettes All together they are such an aggregation of full ripe beauty as to take by storm the heart of any bachelor in the audience.

At the end of the performance the old maids are transformed one by one by Prof. Makeover's remodeloscope into beautiful young maidens, and the young people they are transformed into, come out one by one this being the opportunity to introduce several very attractive numbers, such as monologues, dances and songs.

FREDERICKSBURG RED MEN.

Visit of Past Grand Sachem Nicklin of Alexandria.

Past Grand Sachem Nicklin, of Alexandria, was present Wednesday night, by invitation, at a meeting of Rappahannock Tribe No. 112 Improved Order of Red Men of Fredericksburg. Seven candidates were initiated into the order under the direction and instruction of Mr. Nicklin. There was an unusually large attendance and much enthusiasm prevailed among the members. It is thought that the visit of Mr. Nicklin and the initiation of so many new candidates will put new life into the organization here.

After iniatiation work, Mr. Nicklin addressed the order and was heard with much interest and pleasure. He particularly requested the Red Men to interest themselves in organizing a Juvenile Tent and a Juvenile Band. He emphasized the importance of undertaking this work and said it would be of great advantage and assistance to the Tribe.

Prof A. B. Bowering spoke of the great pleasure the visit of Mr. Nicklin afforded the members and at the conclusion of his address a rising vote of thanks was tendered Mr. Nicklin for his presence.—Fredericksburg Star.

The New Millinery for Summer

The Dainty White Hats in shapes and styles for street and dress have sprung into unusual popularity; each one has features that mark it as individual.

Two of the models are white, one of horsehair braid and the other of hemp. That of the braid is a small shape for wear with dainty summer gowns and has two rims of velvet ribbon in tango shade, and flowers are run around the crown between the two rims and above the top one, and blue velvet bows at intervals are a most pleasing touch. This hat is priced at $15.00.

The white hemp hat has peachblow moire ribbon around the crown to a large semi-tailored bow on the under side of the brim. The wide lace extending from the crown and over the edge of the brim is caught with roses to match the ribbon. A most attractive model at $12.00.

A new sailor shape, with white breast around the crown and two large white wings on side, caught with a large jet pin, carrying out most effectively the black and white vogue. Priced at $8.00.

NEWS OF THE OLD DOMINION

CADETS AT HARRISONBURG.

They Will Celebrate Battle of New Market Tomorrow.

Harrisonburg, Va., May 15.—Three hundred and eighty cadets from the Virginia Military Institute, Lexington, marched throgh town Wednesday en route to New Market, where they participated today in the celebration of the fiftieth anniversary of the battle of New Market.

The town was decorated with the Stars and Bars and the Stars and Stripes and many county people joined the throng that greeted the visitors. The Virginia Military Institute boys were met by a delegation of citizens, the Fire Department, the Boy Scouts, Confederate Veterans and other organizations and escorted through the town.

At Woodbine Cemetery a salute was fired over the grave of Major Joseph W. Latimer, a Virginia Military Institute man, who was mortally wounded at Gettysburg in 1863. By special request, Colonel Jennings Wise detailed a squad to fire salutes over the graves of Colonel S. B. Ribbons, first commander of the Tenth Virginia Infantry, and Colonel O. B. Roller, late Mayor of Harrisonburg, who volunteered his services during the Spanish-American war. Both were Virginia Military Institute men.

ANOTHER VICTIM.

Assistant Engineer Smith Passes Away—Chief Engineer Portlock In Serious State.

Norfolk, Va., May 15.—H. B. Smith, first assistant chief engineer of the Old Dominion steamer Jefferson, who was badly scalded by the blowing out of a boiler tube on that vessel last Monday night, died Wednesday, at 5:48 o'clock in the Sarah Lee Hospital.

The condition of W. L. Portlock, chief engineer of the Jefferson, who was also badly scalded as a result of the accident, remains unchanged. It was said at the hospital that no improvement in his condition was noticeable.

Aeroplane passenger service across San Francisco Bay from San Francisco to Oakland was instituted yesterday with a regular scredule of trips. Mayor James Rolph, Jr., was the first passenger carried, making the round trip. The distance between the terminals is 6.7 miles.

ALLEGED INSANITY.

Danville Lawyers Try to Have Sentence of George Woods Commuted.

Richmond, May 15.—George Woods is a colored man in the penitentiary who, under the decision of the Corporation Court of Danville, has just one week from today to live. He is under sentence of death for wife-murder.

Yesterday Thomas Hamlin and Harry Wooding, Jr., presented a petition asking for commutation of the man's sentence. He is believed to be of unsound mind.

George was convicted several months ago of selling liquor in Danville, which town is supposed to be arid, and when he was through with the courts he faced a session of ninety days on the roads. He was sent to the roads, all right, and he worked there for some time, but one day he escaped from camp and went back to Danville.

Arriving there, he went to his home and did not find conditions to suit him. He made an attack on his wife. With his hands he choked her to death, and then returned to the road camp. He was arrested for the murder and was convicted.

The man is said to have been acting queerly for some time, and he did not deny that he had choked his wife to death. He will go to the death chair next Friday, provided Governor Stuart does not interfere. The matter of the man's sanity is now being looked into.

COSTLY VICE COMMISSION.

Richmond Called Upon to Spend $3,000 to Investigate Red Light District.

Richmond, Va, May 15.—The finance committee of the council has recommended the appropriation of $3,000 to defray the expenses of the commission appointed by Mayor Ainslie to investigate the report upon the social evil as it exists in Richmond. We assume that the council will make the appropriation.

The Journal has not been informed as to the manner it is proposed to expend the $3,000 asked for. Previously we have expressed the opinion that a commission of fifteen members appointed to investigate this subject was pretty costly if we were called upon to pay for it at the rate of $200 per member. Of course, no member of the commission is to receive any portion of the money. That goes without saying.

Who is to get it? It would not be surprising were the commission to bring to Richmond one or more "experts," so-called, who will collect and collate facts concerning the "red light" district, and present them to the commission for consideration in framing a report to the mayor. Of course the "expert" will insist upon his facts and the report of the commission being printed. Such documents are valuable in getting employment to do the decidedly unattractive work which such "experts" are engaged.

We believe the earnest men and women designated by Mayor Ainslie to investigate the subject of prostitution in Richmond could, by proceeding in a quiet, straightforward manner, obtain every available fact on the subject Vice-hunting to the accompaniment of a brass band does not appeal to us. The very nature of the subject suggests its quiet consideration. Certainly any other method will prove a poor advertisement for the city of Richmond. —(Richmond Evening Journal.)

Robbery in Winchester.

Winchester, Va., May 15.—The clothing store of S. H. Hable, the Baltimore and Ohio ticket office and John H. Sartelle's confectionery were entered Wednesday night and money and goods to the value of $500 stolen. A man was arrested later in the day in Washington when he offered to sell tickets to Fred S. Hable, a member of the Winchester firm. He gave the name of John Pierce and was held for the Winchester authorities.

GIVEN TEN-YEAR TERM.

Three Negroes Convicted of Making Murderous Acssault Upon G. W. Jones.

Richmond, May 15.—Penitentiary terms of ten years each were the pnishment meted out in the Hustings Court Wednesday to Guy Brown, James Evans and Edwin Anderson, the negro youths who murderously attacked G. W. Jones, of 2303 Floyd avenue, on the night of March 19, and robbed him of a wallet containing $55 in currency. Mr. Jones, who is seventy-one years old, operated a grocery store at 5 North Addison street, and was in the act of entering his home through the alley in the rear of his residence when he was held up.

The prisoners pleaded guilty to the indictment charging highway robbery, and threw themselves upon the mercy of the court. With a view of informing himself of the facts in the case before pronouncing sentence, Judge Richardson heard the story of the crime from Detective-Sergeant John Wiley, who assisted in trailing, the aged grocer's assailants.

Evans, said the detective, was the first of the trio to confess. The young negro told the police that Brown felled Mr. Jones with a blow from a baseball bat, rendering him unconscious. As he lay prone on the ground, his companions took from his inside coat pocket his wallet, containing $55 in currency, the day's receipts in the grocery store.

Mr. Jones was discovered in a dazed condition fumbling at the door of his store by his daughter, who had instituted a search for him when he had failed to return home within a reasonable time after he had closed up the store for the day. The fact that he was attacked in the alley was discovered soon after by the police, who found a pool of blood and the eyeglasses and hat of the aged grocer at the scene of the attack. His condition was first regarded as extremely precarious, but he rallied under prompt treatment at the Memorial Hospital.

WOMAN MISSIONARY MISSING.

Miss Hayes Was in Charge of a School at Saltillo, Mexico.

Richmond, Va., May 15.—The Baptist Foreign Mission Society, with headquarters here, reports that it has not heard from Miss Ida Hayes, in charge of the Madero Institute, an institution for girls, located at Saltillo, Mexico, for more than a month, and efforts made by Secretary of State Bryan to communicate with her have failed.

Miss Hayes, although repeatedly warned to leave Mexico, refused to forsake her mission school, where she has four homeless girls under her protection. The mission is reported shot-riddled.

Miss Hayes is a native of Missouri and a graduate of the Missouri State University. After teaching several years at Liberty College, Liberty, Mo., she accepted work with the Baptist Foreign Mission Society in 1893.

To Orren G. Staples, The Emerson Steam Pump Company, a corporation, the United States Trust Company, of the District of Columbia, a corporation, Trustee, and to the creditors and bondholders of the Emerson Steam Pump Company, a corporation; and all other parties who may be interested in this suit.

Take notice that I have fixed Tuesday, the 2nd day of June, 1914, at 10 o'clock A. M., at my office, 128 S. Royal street, in the city of Alexandria, Virginia, as the time and place when I will proceed to execute the decree rendered on the 21st day of April, 1914, by the Circuit Court of the City of Alexandria, Virginia, in a certain chancery cause therein depending, wherein Orren G. Staples, who sues, etc., is the complainant; and the Emerson Steam Pump Co., a corporation and the United States Trust Company, of the District of Columbia, a corporation, Trustee, are the defendants; by the terms of which decree I am directed to inquire, ascertain and report to the said court upon the matters following to-wit:

First. All liens by deed of trust, mortgage, judgments, or otherwise upon the property, real, personal and mixed, of the defendant, The Emerson Steam Pump Company, with respective priorities.

Second. The number and amount of the bonds issued by the defendant, The Emerson Steam Pump Company, secured by the deed of trust of mortgage dated July 1st, 1907, exhibited with the bill of complaint in this cause, and the number and amount of said bonds negotiated or sold by the said defendant and by whom the same are now owned and held respectively; and the amount of the interest matured and past due upon the said bonds respectively, and the present owners and holders of the coupons representing the accrued and past due interest upon said bonds respectively.

Third. All creditors of the said defendant, The Emerson Steam Pump Company, and the amount of their claims respectively, whether secured or unsecured, and the order of their priority.

Fourth. All the estate, real, personal and mixed of the said defendant, The Emerson Steam Pump Company, a description thereof, its location, whether in the State of Virginia or elsewhere; and all notes, bills, acceptances, choses in action and accounts receivable of the said defendant, and in whose possession the same are held, and by whom the same is owing, to the said defendant, including all property, real, personal or mixed, acquired by the said defendant to the execution and recordation of the said deed of trust or mortgage, and where

Fifth. Any other matter or thing which the said special commissioner may deem pertinent, or which any part to this cause may require the said Special Commissioner to report

Sixth. The said Special Commissioner before proceeding to execute this decree shall give thirty days notice of the time and place of the execution thereof by publication in the Alexandria Gazette.

And at the time and place named and at such adjournments as may be then or thereafter had, the parties to this cause and all others interested therein are directed to appear and submit testimony relative to such claims, or to such other matters or things as may be desired to have presented to the court in this cause.

THE VOICE OF THE PEOPLE.

The result of yesterday's election in Alexandria showed that the people desired new representatives in most cases, and when the vote was counted last night it was seen that five of those which now compose the majority wing in the Common Council have been requested to stand aside for their successors. Among those whose services are no longer needed are some who during the past four years have figured prominently in the camp which they preferred.

The whip handle will, of course, be in possession of others upon the reorganization of the lower branch in September, and a general change in officers and committees will follow.

While the cold end of the poker will be changed to other hands, the work of improving the city will go on as usual, and the work mapped out will be prosecuted upon practical lines and as speedily as possible. The new high school building and engine and truck house will be among the additions to Alexandria's resources as soon as the plans can be put into operation.

The result of yesterday's election does not mean that there will be any hold-up in making our city what it should be according to the resources at our command. But it is generally agreed that it would be impolitic to add any more to our already large obligations.

The work it is purposed to accomplish will be prosecuted upon conservative lines, and in a manner which will not render it necessary to increase taxation.

As good democrats, all should bow to the will of the majority as expressed by the voters yesterday, and vie with one another in keeping Alexandria abreast of the times.

ANOTHER SENSATION IN THE OLD DOMINION.

Three years ago the people of Virginia were startled at the announcement that a young wife had been brutally murdered in an automobile in Chesterfield county. The husband, who was with his wife at the time, told an improbable story to the effect that the murder had been committed by a bearded tramp. Suspicion was immediately fixed upon the husband of the unfortunate young woman, and the Beattie murder was the main theme of conversation for a long time. The man who had avowed his intention before God and man to love and cherish the woman who had confided in him was eventually convicted of murdering the wife of his bosom and was in due time electrocuted.

Virginia has another murder mystery. This time, however, it is the husband who, it is believed, is the victim of his wife. She is suspected of murdering her liege lord and setting fire to the house in order to turn suspicion elsewhere.

The finding of the dead body of Victor Hall in Louisa county one month ago today and the subsequent investigation by the authorities led most people in the neighborhood to suppose the unfortunate man was the vicitm of burglars and incendiaries. But there were certain facts in connection with the killing which caused some murmur of dissent from the verdict which had been returned, and further examination led the authorities to believe that Hall's wife knew more about his fate than she had told on the stand.

Two attempts have recently been made to destroy the building by fire, both of which have failed, and certain garments, said to bear blood stains, have helped to increase interest in the case.

Mrs. Hall was arrested yesterday, and she was today released in the sum of five thousand dollars for her appearance in court next July.

The suspected woman is surrounded by a train of circumstances which she may or may not explain to the satisfaction of a jury.

Women have been made to face capital charges in several states in the union during the past few years, and the one which is to be ventilated in the Old Dominion is exciting considerable interest.

Court in Uproar.

London, May 15.—Wild scenes were enacted in the Westminster police court today when Mrs. Dacre-Fox and "Gen." When brought into court the suffragettes started violent harrangues against the presiding magistrate. Both were ordered under $500 bonds to keep the peace for a year, and when they refused, were sentenced to jail for one month.

Negro Killed by Officer.

Bristol, Va., May 15—Policeman Pat Kennedy shot and killed a negro at Big Stone Gap, Wednesday night. The negro, who was a stranger, drew a revolver when Kennedy approached, and the latter fired quickly to avoid being killed himself. A companion of the dead man proved to be a negro woman in man's attire.

Miss Elizabeth Dutcher, a social worker, and Paul Howard Douglas, Columbia University student, were found guilty of disorderly conduct in the New York police Court yesterday and were fined $10 each. They were arrested in front of a department store Tuesday night while conducting an open air meeting in an attempt to unionize shop girls. They paid their fines under protest.

A denial was issued by the British foreign office yesterday of the report published in the Standard declaring that Sir Edward Grey had advised that no useful purpose would be served by South American mediation, explaining that he would shortly propose a policy to minimize the possibility of further bloodshed. The official denial declares the Standard's statement wholly unfounded.

Senator Bradley, of Kentucky, Republican, announced last night that ill health and inability to bear the hardships of a campaign compelled him to announce that he will not be a candidate fro reelection. He is serving his first term which ends next March. Senator Gallinger, leader of the minority, and oldest senator in point of continnous service., is expected to announce Saturday whether he will be a candidate.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and despondency, caused by a badly weakened and debilitated condition of her stomach when she began taking Chamberlain's ablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health" For sale by all dealers.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open **Twenty Thousand Acres of Rich, Southern Georgia Land,** which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifacations prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or, arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the ale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital,** so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

NEWS OF THE DAY

Count [illegible] the Hungarian Premier, challenged to a duel Stephen Rakovsky, a fellow committeeman, after a lively altercation in a committee room of the Hungarian Parliament. Seconds were at once appointed.

New York's woman Commissioner of Correction, Katherine B. Davis, has received so many threatening letters following her order forbidding the sending of food to prisoners in city prisons by friends on the outside that a body guard has been assigned to accompany her. This precaution was ordered by Mayor Mitchell.

Chester B. Duryea, who shot and killed his father, General Hiram Duryea, on May 5, in New York, was yesterday indicted for murder in the first degree. He did not appear in court, as his condition did not warrant his leaving the hospital, where for days he was violent. The District Attorney moved that two physicians be appointed to examine into young Duryea's sanity.

John Burke, whose official duties as manager of the commissary department of the isthmian canal commission, have been under investigation in New York and in Panama and Washington for several months, was indicted yesterday by the Federal grand jury in New York. It is charged that he accepted gratuites amounting to $10,000 from dealers in supplies in the Canal Zone. Col. George W. Gotheals, governor of the zone, suspended Burke some time ago, pending the inquiry. The canal builder, at the direction of Secretary of War Garrison, turned Burke's case over to the Federal authorities. Indicted with Burke were Isaac Brandon, Robert Wilcox, and Jacob L. Salas, merchants in Panama. They are accused with Burke, of a conspiracy to defraud the government in violation of a section of the Federal criminal code.

Eighteen priests, who previopsly had been summoned to the state palace, and had refused, as they say, to give funds to the cause of the rebels, were marched through the streets of Monterey yesterday and sent to jail under armed guards. Their churches already had been closed by the constitutionalists' officers. One of these priests, Father Juan Pratt, is an American citizen, and formerly lived in San Antonio. He and some others were liberated, and told to leave the country as undesirables, but they were given no passports. Consul General Hanna interested himself in Father Pratt's case, and gave him funds as a refugee. British, German, and French subjects are now leaving Mexico in large numbers.

The two detectives who, ever since Mayor Mitchel, of New York, was shot at have been on guard at his home on Riverside drive, are more than ever vigilant, for on Wednesday a pair of suave thieves walked right between the sentinel sleuths and stole $1,000 worth of jewelry from Mrs. H. H. Zellner, a tenant of the building. One man was arrested later, and was identified by Mrs. Zellner. He gave the name of Wesley Essex, and says that he is an embalmer.

With the arrest of eight persons, al closely related, and recovery of $10,000 worth of merchandise in the various homes of those in custody, the authorities believe they have broken up the greatest system of shoplifting ever conducted in Pittsburgh.

Dr. Beverly Thomas Galloway, Assistant Secretary of the Department of Agricultural, has tendered his resignation to Secretary Houston to become dean of the New York Agricultural College of Ithaca, N. Y.

Jno F. Dodge and Horace E. Dodge, trading as Dodge Brothers, automobile manufacturers of Detroit, Mich., will have to pay a surtax on their net individual income, under a ruling of Justis Stafford yesterday in the Supreme Court of the District of Columbia. The income of each amounts to more than $700,000, and the tax on both incomes aggregates $65,148.36. An appeal to the District Court of Appeals was noted by Attorney Thomas S Hopkins, representing Dodge Brothers. It was intimated if necessary the case would be carried to the United States Supreme Court. Justice Stafford said that no irreparable injury would be inflicted upon the Dodge Brothers, as the question with them was a mere matter of money, and that they are abundantly able to pay the extra tax. He pointed out that the law contains a provision for recovery of a tax illegally collected or overpayment of tax.

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your misery. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories at Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D.D.D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

Hoosier
"White Beauty"

Here Are Three Questions You Must Consider Now:

1. Should I be glad to have the NEW HOOSIER in my home—knowing that I now take miles of unnecessary steps?
2. Shall I order now while a single dollar puts it in my kitchen?
3. Shall I wait—knowing that delay will surely lose me the opportunity to benefit by the liberal terms of the HOOSIER PLAN?

All the Best Kitchen Devices known to the 700,000 women who now own Hoosier Cabinets are combined in the new Hoosier. It is the most scientifically convenient cabinet ever built.

SEE IT IN OUR WINDOW Notice how you sit down in front of the table for work. NOTICE MRS. FREDERICK'S FOOD GUIDE—now part of the Hoosier equipment. Come and see how it answers the daily problem, "What shall we have for dinner?" This alone in a year's time is worth almost the price of the cabinet.

THE NEW SHAKER FLOUR SIFTER is another great Hoosier achievement. It cannot wear out. It cannot grind grit or dirt through. See it work. With forty such conveniences combined in the Hoosier you see why it saves you the eternal drudgery of kitchen walking that saps health and good looks.

Every woman who has seen this Hoosier has expressed surprise at the low price for this truly wonderful cabinet.

Here is the easy Hoosier Plan in detail:

1. $1 puts the Hoosier you select in your house.
2. $1 weekly quickly pays for it.
3. The Low Cash Price fixed by the factory prevails strictly.
4. No interest. No extra fees.
5. This sale is under direct supervision of the Hoosier Company.
6. Your money back if you are not delighted with your Hoosier.

AS WE STATED YESTERDAY *the unusual terms of the Hoosier Plan must be limited to the present small allotment of cabinets. After that our regular terms must prevail.*

TONIGHT SCORES OF WOMEN ARE ON THE VERGE OF DECIDING to buy Hoosiers now. Nearly all of them are reading this ad. Some will delay too long. Others will come tomorrow and decide. If enough come tomorrow, the sale will close. And your opportunity will be ended, unless you are one of those who come.

There can be no good reason for postponing decision. In five minutes you can make up your mind whether to buy now or later.

This is not merely a question of investing one small dollar for a few weeks. It is a question of your health and freedom from kitchen work. The only safe way to decide is to examine the cabinet in our store thoroughly tomorrow.

Did You Read This Yesterday?

We described these six conveniences that have made 700,000 women use the

HOOSIER

1. The Housekeeper's Food Guide.
2. The Cook Book Holder.
3. The Metal 50-lb. Flour Bin.
4. The Wonderful Shaker Sifter.
5. The Metal Linen Drawer.
6. The Emergency Shelf.

There are forty special conveniences in the new Hoosier—many of them labeled. Note the following:

(7) The new bill file is a complete bookkeeping system for most households. Most women dislike bookkeeping, but this simple book file for meat and grocery bills on the upper middle door shows exactly which bills have been paid and which have not. With it you can keep a complete, simple record of all your money transactions.

(8) The "Money tray" on the upper right door is divided into three compartments. One is labeled "change," one "milk tickets," one "miscellaneous." You can keep all your milk or bread checks here and the small change you need for daily bills. This will save you many trips for your pocketbook.

Have you heard about the Experimental Room in the Hoosier factory where every Modern Kitchen Improvement is tested? Do you know that every one that passes the test is built into the Hoosier?

(9) Eight crystal glass spice jars with air-tight screw lids are a part of the regular Hoosier equipment. Notice their wide mouths, especially made to admit a spoon. Four have patented sifter tops that are air-tight except when in use. Notice particularly that they are located at the very finger tips of your right hand.

(10) A new condiment cupboard, specially fitted in above the flour bin, holds twelve bottles of ketchup, vinegar, salad dressing, etc., which can be so placed that you need not move one to get the other.

See Our Window

(11) The table top of an improved sanitary metal slides out 16 inches beyond the base, so you can sit down at work. It locks automatically so you cannot drop it on your toes. There is not a corner anywhere that is not easy to keep clean. Most important of all, we guarantee this table will *never warp.*

(12) The big pocket for the lids and pans on the lower cupboard door is ready whenever you need it. You can get the pan or lid you need without stooping.

NOW DON'T WAIT TOO LONG. Remember, the chances are you need this new Hoosier in your kitchen. Its tested conveniences are a remarkable help in almost every kitchen. To decide fairly whether or not you do need it, you should examine it personally tomorrow. For tomorrow may be your last chance to have one of these New Hoosiers delivered on the Hoosier plan.

REPORT ON BOOK PROBLEM

Result of Committee's Investigation Goes to State Board of Education.

Richmond, Va., May 15.—At the end of several weeks negotiations with the publishers for concessions in prices quoted on school books, the subcommittee of the State Board of Education named to mediate the text bok problem met yesterday afternoon in the Governor's office to formulate its report which was presented to the board today. While the committee would not divulge the result of its negotiations, it is known that the publishers have not presented an uncompromising attitude in reply to the demand for reduction in prices.

The Governor all of yesterday was besieged by the representatives of textbook publishers who wished to have one last word before the committee made its recommendations. State Superintendent of Public Instruction R. C Stearnes and Attorney General Pollard and the other two members of the committee, were also interviewed by the agents.

One result of the committee's negotiations has come to be generally accepted, even though the committee itself has been noncommittal. That is that the "preferred list" of textbooks announced in April by the board will be torn to pieces before the actual adoption takes places. In other words, it is evident that the books on the "preferred list" are by no means the final choice of the board and every one looks for wholesale substitutions.

The State board of education at the meeting called for the adoption of a list of textbooks for use in the Virginia schools for the next four years, refused to make any adoption on the grounds that prices quoted by the publishers were higher in Virginia than in any other section of the country. Instead of the adopted list the board gave out a "preferred list" and named a committee to negotiate with the publishers for reductions.

The committee several weeks ago addressed a direct question to all the book publishers who bid in the adoption whether or not they would consider reductions in the prices quoted, either on the basis of the customary four-year adoption or on the basis of a seven-year adoption, which the board is willing to ordain, provided it can secure satisfactory contracts. The committee practically reopened the entire question by asking publishers whose books failed to appear on the "preferred list" to offer substitutes for "preferred list" books at lower prices.

Those who are familiar with the situation expect the committee to recommend to the board today the postponement of the adoption for twelve months pending a thorough investigation of the charges of discrimination brought against the publishers in the matter of prices.

COMMITS SUICIDE.

Cigar Manufacturer Shoots Self at Williamsport, Md.

Hagerstown, Md., May 15.—J. Frederick Sponseller, aged 45 years, a cigar manufacturer of Williamsport, Md., committed suicide Tuesday night in his factory by shooting himself in the right temple. His body was not discovered until yesterday.

Sponseller, who was unmarried, left a note addressed to Samuel C. Lemen, giving his reason for committing suicide, but the contents of the letter were not made public.

Sponseller had been in ill health for some time and was despondent.

Surviving are his father, Jacob Sponseller, of Hagerstown, one brother, former Mayor Ernest Sponseller, of Westminster, and two sisters, Mrs. Leah Sponseller, and Corinne Sponseller, of this city.

CANAL OPENS TODAY.

Freight Barges ass Through Waterway From Atlantic to the Pacific.

Panama, May 15.—A freight barge service through the canal was inaugurated today, when five empty barges were towed from Colon to Balboa to carry a cargo back. The first cargo will probably go through the canal late Sunday or Monday.

Owing to an accident to the dredge Cascadas the chanel through the Cucaracha will not be completed probably until Sunday morning. This has occasioned delay in passing the Panama railroad steamer through. Several vessels are now waiting opportunity to cross into the Atlantic.

The tremendous congestion and interoceanic commerce caused by the suspension service on the Tehauntepec Railroad in southern Mexico brought about this premature opening of the canal to trade. Several of the great freight liners which, in conjunction with similar service on the Pacific maintained thrade lines between Europe and the Far East via Tehauntepec, have recently appeared at Colon and Panama offering cargoes for transshipment overland far beyond the capacity of the Panama Railroad.

Finding that Colonel Goethals was willing to assist them by clearing an adequate channels for barges through the Cucharachus slide, the company obtained a number of barges that have been used for harbor purposes at Colon and Panama and established this service.

The waterway is practically finished, and even now there is sufficient channel through the Culebra cut for a vessel any warship or liner. It is only from a desire to avoid a possible serious accident through an unexpected renewal of the earth movements in the cut that Col. Goethals has determined to allow a period of observation before actually opening the canal.

Eight inches of snow is reported to have fallen at Pine Lake, in the Adirondacks, Wednesday by guides arriving at Gloversville, N. Y.
